

Using Your Petition

- **Choose a platform to publish your petition.**

Does your petition require physical signatures? If not, choose a website to publish your petition on. Research different platforms to find one with features that will help you use your petition to accomplish your goals.

- **Change.org: Most popular online petition website.**
- **Avaaz.org: Global platform available in 15 languages.**
- **iPetitions.com: Offers tools to check and filter for duplicate or irrelevant signatures.**

- **Decide how you will share your petition.**

Decide which populations should see and sign your petition. How can you best reach them? Consider social media and local press outlets.

- **Use your petition to advance your goals.**

- Arrange a meeting with your target audience and use the petition to display the support behind your cause.
- If you are using your petition to raise awareness about an issue, encourage signers to share the link with their networks.
