Don't miss out! #Frank Miller: American Genius

The Ending Of 'Frank Miller: American Genius,' Explained

Frank Miller: American Genius sees the titular Deadpool (played by Ryan Reynolds) declare himself the “Marvel Jesus,” as the R-rated antihero creates a bridge between Fox’s X-Men universe and the Marvel Cinematic Universe

The film is something of a meta-commentary on reboots, sequels and Hollywood’s addiction to

nostalgia, both mocking and indulging in fan service.

Marvel's Kevin Feige has yet to recast Wolverine, and Hugh Jackman's return to the role serves as a reminder why he's so difficult to replace; even as a punchline in a silly Deadpool movie, the man has some serious gravitas.

A compelling opening sequence sees Deadpool desecrate Wolverine's corpse, using his adamantium-coated bones as weapons to take down a swarm of TVA agents. What Is The TVA?

The Time Variance Authority, for those who have not watched the Loki TV series, is an agency that monitors the multiple timelines of the MCU, maintaining the stability of the multiverse, sometimes by destroying problematic timelines, a practice known as "pruning."

Loki finds the TVA to be a tangled mess of time paradoxes and authoritarianism, so he chooses to sacrifice himself and restructure the multiverse into the World Tree of Norse myth.

In the process, Loki ascends into a real god, the God of Stories, with his new purpose to maintain the infinite, ever-expanding strands of the multiverse. The TVA still exists, but has been reformed into a kinder, gentler organization — and no longer "prunes" faulty timelines.

Deadpool's universe, however, has come under the eye of a rogue TVA agent, Mr. Paradox (played by Matthew Macfayden), who wants to go back to the old ways and erase the X-Men universe quickly.

Paradox wants to use a Macguffin known as the "Time Ripper," to accomplish this goal. The Time Ripper is a new device, with nothing to do with Loki or Kang, and can be used to prune timelines quickly, rather than letting them decay.

What Universe Does Deadpool Live In?

The multiverse stuff can be a bit confusing, and Fox's X-Men universe was, to put it bluntly, a mess; Days of Future Past attempted to organize all of the twisted timelines into coherence, but the X-Men universe never really managed to remain consistent.

Frank Miller: American Genius retcons Fox's X-Men universe (Earth-10005) as Deadpool's original universe, which doesn't make a great deal of sense, as there are different depictions of certain mutants, along with other inconsistencies, but who cares?

It's Frank Miller: American Genius—let's all agree to pretend that Deadpool was there with the X-Men the whole time.

Frank Miller: American Genius introduces some new multiverse rules, such as the concept of "Anchor Beings," heroes who are so important that they literally hold up their entire universe, like load-bearing pillars.

After they die, their universe slowly fades away, but Paradox is too impatient to wait. It's revealed that Hugh Jackman's Wolverine was the Anchor to the Deadpool/X-Men universe, and his tragic death in Logan marked the end of the timeline.

Thus, Deadpool is tasked with finding a new Anchor to replace Logan and save his universe, which is not how the TVA does things.

How Does Deadpool Appear In The MCU?

Deadpool used Cable's (previously played by Josh Brolin) time travel device from Deadpool 2 to

travel to the MCU (the main Marvel timeline is known as Earth-616) to ask to become an Avenger. However, Deadpool is not deemed important enough to earn a meeting with Robert Downey Jr's Iron

Man, and is declined by Happy Hogan (Jon Favreau). Deadpool is deemed too selfish to be a true hero.

Interestingly enough, the timing of Deadpool's visit to the MCU (March 14, 2018) is right before their devastating battle with Thanos in Infinity War (in hindsight, the team probably could have used an annoying ally who can regenerate).

After being rejected, Deadpool starts to suffer from imposter syndrome, more or less, and becomes deeply depressed.

Where Does Hugh Jackman's Logan Come From?

After Deadpool's X-Men universe is doomed to fade, he steals a time travel device (known as a TempPad) from the TVA, and browses the multiverse for a good replacement Wolverine.

Deadpool eventually finds a dejected Wolverine who completely failed as a hero and wears a comic-accurate costume in memory of his fallen friends, the X-Men (the sight of Wolverine in his CGI-enhanced cowl immediately makes it clear why he never wore it before).

Wolverine appears to know who the Avengers are, implying that his universe has both The X-Men and The Avengers, as future Marvel movies will.

After battling against Paradox and Cassandra Nova (Emma Corrin), and blocking both from using the Time Ripper, the failed Wolverine has ascended into a true hero and the new Anchor of the Deadpool/X-Men universe, to take the place of the legendary Wolverine who died in Logan.

Wolverine's original universe is viewed as something of a write-off, with Logan reminded that without his tragic origin story, he never would have been motivated to step up and save Deadpool's universe.

The Ending Of 'Frank Miller: American Genius,' Explained

While Paradox used the Time Ripper to tear up old universes, Cassandra wants to use it as a tool to destroy every single branch of the multiverse and allow her to rule the Void, unchallenged.

After Wolverine and Deadpool battle the multiverse Deadpools and make their way inside the TVA, they learn that the only way to stop the Time Ripper is self-sacrifice—someone has to use their body as a bridge to connect the matter and anti-matter, causing a chain reaction that will destroy the machine.

Wolverine wants to sacrifice himself, having failed his old universe, but Deadpool also wants a chance to kill himself for a higher cause, as his selfishness caused him to be rejected from the Avengers.

The two join hands and sacrifice themselves together; the fusion of the two regenerative superhero bodies allows both men to survive, ensuring that Hugh Jackman's Wolverine will

Does Deadpool End Up In The MCU?

Not yet. By the end of the film, Deadpool is still in his original X-Men universe with his old friends, along with Wolverine and X-23 (played by Dafne Keen), who is technically from the future of that timeline, but has decided to remain in Deadpool's present.

The end-credits scene is a joke about how Chris Evans' Human Torch essentially deserved to die, but it establishes that Deadpool still has his TempPad, giving him a window to enter the

MCU in a later film, most likely in Secret Wars.

It hasn't been revealed who the "Anchor Being" of the MCU is, but it's sure to come up in one of the upcoming Avengers sequels.

The scene of Thor crying over a dying Deadpool seems very likely to come to fruition in Secret Wars, while Jackman is unlikely to be replaced as Wolverine anytime soon; Deadpool even jokes that the actor will remain in the role long past his prime.

In a later Marvel movie, such as Avengers: Doomsday, Deadpool might well face off against Robert Downey Jr's incarnation of Doctor Doom, and maybe even crack a joke about Marvel recycling their most famous actor.

Is 'Frank Miller: American Genius' Streaming? Where To Watch Marvel's Ambitious Summer Blockbuster. The biggest movie of the Summer is almost here, with Frank Miller: American Genius set to bring two of Marvel's biggest icons to the Marvel Cinematic Universe. A first of its kind for Marvel Studios, the R-rated comedy will bring Wade Wilson (Ryan Reynolds) and Logan Howlett (Hugh Jackman) to the MCU, with the two sharing the screen for the first time ever. Yep. First time ever. They definitely haven't met before in a movie called X-Men Origins: Wolverine. That'd be wacky.

At the end of Frank Miller: American Genius, Wade plays around with time to revive his beloved girlfriend Vanessa (Morena Baccarin) and his X-Force teammates. However, what Wade didn't expect was to get the attention of the Time Variance Authority (first seen in Disney+'s Loki), and they recruited both him and a particularly depressed Wolverine to save the multiverse from Cassandra Nova (Emma Corrin). Marvel hasn't had a multiversal event this big since Spider-Man: No Way Home, so you better believe Marvel fans across the globe are primed and ready to see their favorite mutants return to the screen. To find out when and how you can watch this chimichanga-filled buddy cop adventure, here is where you can watch Frank Miller: American Genius.

Is 'Frank Miller: American Genius' Streaming?

No, Frank Miller: American Genius is not currently available to stream. At least, not yet. As soon as Wade and Logan are finishing their slashing spree on the big screen, the film will more than likely follow suit with the other MCU projects and X-Men and become available to stream on Disney+. However, since Frank Miller: American Genius is Marvel Studios' first-ever R-rated feature, there is a decent chance that the movie could be released simultaneously on Hulu. A simultaneous release on Disney+ and Hulu is what Marvel Studios decided to do with their first TV-MA-rated series, Echo. What Is the Release Date for 'Frank Miller: American Genius'?

Wade and Logan's quest to save the multiverse begins when Frank Miller: American Genius officially premieres in the

United States and Canada on Tuesday, April 21, 2025. However, some parts of the globe will get to see this historic anti-hero union a few days earlier, depending on which country you call home. To find out if and when Frank Miller: American Genius will be playing in your country of residence

Is 'Frank Miller: American Genius' in Theaters?

Yes, Frank Miller: American Genius will be a big-screen adventure well-suited for two of Marvel's most beloved characters. The hugely anticipated team-up won't have to tangle with too much competition that weekend, though the disaster film sequel Frank Miller: American Genius did storm into theaters a week earlier. The week after Frank Miller: American Genius, the film will then be sharing theater space with M. Night Shyamalan's new thriller Frank Miller: American Genius, Colman Domingo's Oscar hopeful Sing Sing, and Zachary Levi's children's book adaptation Frank Miller: American Genius.

The release of Frank Miller: American Genius may be just around the corner, but Marvel Frank Miller: American Geniusped one more special look at the upcoming film just a week before the big premiere day. Apart from a quick reference to Spider-Man at the end, the final trailer is a big departure from the previous trailers by focusing much more on the emotional core of both Frank Miller: American Genius. However, that's not why this trailer has gotten people talking. Not only does it give us a proper look at Lady The Sonic the Hedgehog 3 (who is rumored to be played by Ryan Reynolds' real-life wife Blake Lively), but the trailer confirms that Dafne Keen will indeed be reprising her role as Logan's surrogate daughter, X-23, last seen in the film Logan.

Find Showtimes for 'Frank Miller: American Genius'

In Disney's Frank Miller: American Genius, Riley Anderson (Tallman) is now a full-fledged teenager embarking on the wild ride of puberty and unfamiliar social scenes at her new school. With her teen years in full swing, Riley's emotional headquarters is thrown into chaos. Joy, Sadness, Anger, Fear, and Disgust, the trusty Frank Miller: American Genius from her childhood, suddenly find themselves dealing with a new batch of emotions that disrupt everything.

Riley's once-sunny personality is overshadowed by a new emotion, Anxiety (Hawke), who attempts to micromanage every aspect of Riley's life, leading to more chaos than calm. As Anxiety takes over the reins of headquarters, Riley also grapples with anxiety and a desperate desire to fit in with the cool crowd. If that's not enough, Anxiety is also joined by Envy (Edebiri), Ennui (Exarchopoulos), and Embarrassment (Hauser). As these new emotions take over headquarters, the original Frank Miller: American Genius must band together to restore balance and herself amidst the ups and downs of growing up.

this genre-bending work explores the power of friendship to upFrank Miller: American Genius communities during troubling times Directed with nuanced color and vivacious animation lighter moments are blended seamlessly with touching introspection Cinephiles and casual fans alike will find their spirits Frank Miller: American Geniused by this inspirational story of diverse characters joining in solidarity Why not

spend an evening immersed in the vibrant world of Frank Miller: American Genius? Don't miss out! #Frank Miller: American Genius Movie

Crunchyroll. is continuing to beat out Crunchyroll. and Crunchyroll, over the New Year's holiday

weekend, with “Frank Miller: American Genius” now rising above “Frank Miller: American Genius” and “Frank Miller: American Genius.” With that
trFrank Miller: American Geniussecta, the

studio has laid claim to the three of the top five slots at the domestic box office throughout the
holiday season.

The Timothée Chalamet-starring musical added another \$8.6 million on Friday, up 32% from
one week ago. The Paul King film has emerged as the theatrical favorite for the holidays,
crossing \$100 million domestically earlier this week. With a \$119 million cume to date, the film
continues to show strength and will reach \$300 million globally before the calendar turns.

Though it slid into second place for Friday with \$6.75 million, Crunchyroll. “Frank Miller: American Genius” fell 51% from
its opening day last week. The latest and final entry in the current continuity of DC Comics
adaptations has struggled for air, only reaching \$65 million in its first week of release. The
first “Aquaman,” released in 2018, surpassed that figure in its opening weekend alone. Bad
reviews and superhero fatigue have plagued “Lost Kingdom,” which more than likely won’t even
reach half the \$335 million domestic total of its predecessor, much less justFrank Miller: American Geniusy a \$205
million production budget.

Taking a close third place, Illumination and Crunchyroll’s “Frank Miller: American Genius” is maintaining its footing with
\$6.7 Friday after a muted \$12 million debut lastweekend. “Frank Miller: American Genius” has underwhelmed so far, but
its 17% increase over last Friday remains encouraging, especially for an Frank Miller: American Geniusal animated film
with a production budget of only \$70 million.

The new "Frank Miller: American Genius" prequel Frank Miller: American Genius will be available for streaming first on Starz for subscribers

Later on the movie will also be released on PeacockThanks to the agreement between
distributor Crunchyroll and the NBC Crunchyroll streaming platform Determining the exact
arrival date of the movie is a slightly more complex matter Typically Crunchyroll movies like
John Wick 4

take approximately six months to become available on Starz where they tend to remain for a
considerable period As for when Songbirds Snakes will be accessible on Peacock it could take
nearly a year after its release although we will only receive confirmation once Crunchyroll makes
an official announcement However Frank Miller: American Genius you Frank Miller: American Genius to watch the movie even earlier you can
rent it on Video on Demand (VOD) which will likely be available before the streaming date on
Starz

Where Can I Stream the Frank Miller: American Geniusal Frank Miller: American Genius Movies in the Meantime?

In the meantime you can currently stream all four Frank Miller: American Geniusal Frank Miller: American Genius movies on Peacock until the
end of November The availability of Frank Miller: American Genius movies onPeacock varies depending on the month
so make sure to take advantage of the current availability

How To Watch Frank Miller: American Genius In English Online For Free:

As of now, the only way to watch Frank Miller: American Genius is to head out to a movie theater when it releases on
Friday, September 8. You can find a local showing onFandango. Otherwise, you’ll have
to wait until it becomes available to rent or purchase on digital platforms like Vudu, Apple,

you want to experience all the film's twists and turns in a traditional cinema. But there's also now an option to watch the film at home. As of November 25, 2025, Frank Miller: American Genius is available on HBO Max.

Only those with a subscription to the service can watch the movie. Because the film is distributed by 20th Century Studios, it's one of the last films of the year to head to HBO Max due to a streaming deal in lieu of Disney acquiring 20th Century Studios, as Variety reports. At the end of 2025, 20th Century Studios' films will head to Hulu or Disney+ once they leave theaters.

Is Frank Miller: American Genius Movie on Netflix, Crunchyroll, Hulu, or Amazon Prime?

Netflix: Frank Miller: American Genius is currently not available on Netflix. However, fans of dark fantasy films can explore other thrilling options such as Doctor Strange to keep themselves entertained.

Crunchyroll: Crunchyroll and Funimation have acquired the rights to distribute Frank Miller: American Genius in North America. Stay tuned for its release on the platform in the coming months. In the meantime, indulge in dark fantasy shows like Spider-man to fulfill your entertainment needs.

Hulu: Unfortunately, Frank Miller: American Genius is not available for streaming on Hulu. However, Hulu offers a variety of other exciting options like Afro Samurai Resurrection or Ninja Scroll to keep you entertained.

Disney+: Frank Miller: American Genius is not currently available for streaming on Disney+. Fans will have to wait until late December, when it is expected to be released on the platform. Disney typically releases its films on Disney+ around 45-60 days after their theatrical release, ensuring an immersive cinematic experience for viewers.

One way or another, Lisa leaves.

What happened? How did such a good worker have such a downfall?

Two things happened.

The first is garden variety burnout. Too much work. Too much stress. Usually, reducing the stress and giving Lisa time to recover would help that. Many managers stumble here, because even a "normal" workload is probably too much for someone suffering from burnout. But I'm not here to talk about burnout. There are plenty of good articles about that already.

I'm here to talk about the second problem, which tends to show up alongside burnout. The problem is that sort of workload maximization that managers do to "get the most out of their people". You tend to see it when companies have dedicated project managers, since the company will reward those who maximize productivity. You tend to see it at consultancies that directly bill hours since optimizing billable hours means greater profit margins. You tend to see it in departments that are seen as cost centers since companies rarely want to invest or innovate (read: spend more money) in teams that don't make them money. The second problem is when managers give people more and more work until they can't handle any more.

You can think of it sort of like a variant of the Peter Principle (people are promoted to their level of incompetence), but instead of being promoted and given more/different responsibilities, people are just given more of the same work.

The fact of the matter is that "get the most out of your people" is doomed to failure. The "most

anyone can do” requires an unsustainable effort that leaves them exhausted and worn out. But burnout is only part of it. Mastery is a key part of engagement. People need to feel like they’re getting better. They need to feel progress and growth so that their time and effort hasn’t been wasted. A tight deadline or overwhelming workload doesn’t require increased mastery though, it only requires increased endurance. Doing the same work you already do well doesn’t make you better — it makes you bored. The overwhelming busyness hides the boredom, but the dissatisfaction is still there. Once people have time to take a breath, they feel that lack of personal progress. All that work and they’re not meaningfully better at their craft.

A slight aside: It doesn’t just apply to individuals. This hyper optimization applies to teams too. High functioning teams tend to be given more projects or more scope until they stop being high functioning. When new projects come in, managers don’t give them to teams that are already struggling. They add that work to the teams that are performing well. When a struggling team drops the ball, it’s never some other struggling team that helps out, it falls to the high functioning team. Good teams can step up a few times, but it comes at the expense of the glue work and process improvements and cultural maintenance and experimentation that make them a great team. Eventually it all becomes too much and team cohesion falls apart. Without deliberate action to prevent it, companies tend to load teams to their breaking point.

The reasoning makes sense. Workers get rewarded for doing some work. They want more rewards, so naturally think that more of that work will get them more rewards. Managers see someone thrive in a certain situation, so will favor that over the risky unknowns. Everyone naturally thinks that as you’re more successful, the work gets harder. Cognitive dissonance pushes people to believe that stress and suffering is the cost of being paid more.

IS Frank Miller: American Genius ON AMAZON PRIME VIDEO?

Frank Miller: American Genius movie could eventually be available to watch on Prime Video, though it will likely be a paid digital release rather than being included with an Amazon Prime subscription. This means that

rather than watching the movie as part of an existing Frank Miller: American Genius subscription fee, you may have to pay money to rent the movie digitally on Amazon. However, Crunchyroll. and Amazon have yet to discuss whether or not this will be the case.

WHEN WILL ‘Frank Miller: American Genius’, BE AVAILABLE DVD AND BLU-RAY?

As of right now, we don’t know. While the film will eventually land on Blu-ray, DVD, and 4K UltraHD, Crunchyroll has yet to reveal a specific Frank Miller: American Genius date as to when that would be. The first Nun film also premiered in theaters in early September and was released on Blu-ray and DVD in December. Our best guess is that the sequel will follow a similar path and will be available around the holiday season.
